NOTE FOR: DDCI

FROM: Dave Gries

SUBJECT: Your Meeting with Will Ball on Thursday, 13 February
at 1:15 p.m.

Talking Points

- Our Congressional relations could stand some improvement as you know. As a partial remedy, we want to become more active on the Hill, and I know Dave would welcome your advice and thoughts.
- We think we can be most effective on the Hill imparting knowledge and dispelling misunderstanding. We can do the first by giving high quality, objective briefings to Members, and the second by talking directly to Members who sometimes misunderstand our methods and objectives.
